I give the Business Office at Clare Public Schools permission to request a refund for the Social Security and Medicare taxes that were deducted from my payroll during the calendar years 2016, 2017 and 2018 on the employee contributions to the retiree healthcare costs for the Michigan Public School Employees Retirement System.

I understand that by signing this, I am waiving my right to request a refund through the Internal Revenue Service and will receive the refund directly from Clare Public Schools for the portion applicable to employee payments should a refund be granted to Clare Public Schools and the IRS deems the transaction to be exempt from Social Security and Medicare taxes.

I also certify that I have **not** received a refund from the IRS for the calendar years 2016, 2017 and 2018 for the employee portion of Social Security and Medicare taxes that were deducted from my payroll related to the contributions to the retiree healthcare costs.
