

Clare Public Schools

July 2020 - Virtual School Update

2020-2021 School Year

Clare Public Schools Virtual School Vendor Information

Clare Public Schools will partner with **Edmentum** for the 2020-2021 school year as our online course provider. Below are several links to information on Edmentum platforms, along with the virtual school registration link. It is our intent to connect virtual school students with Clare Public Schools teachers to guide & support online learning, *but this is dependent on enrollment*. Staffing decisions for virtual school will be made after Wednesday, August 12th.

Virtual School Registration Link: <https://forms.gle/yNwXLLfqxyvQr25UA>

**Please use this form to register your child for CPS Virtual School this fall. Please note that this is a Semester-Long Commitment. Virtual School will include courses via Edmentum which meet Michigan and National standards. For most classes, we anticipate a Clare Public Schools teacher will be assigned. When that is not possible, a Michigan certified teacher will be assigned to the course. Registrations must take place prior to noon on Tuesday, August 11th to guarantee a spot. The form must be filled out individually for each child you are registering. Thank you once again for your continued support of Clare Public Schools.
