District Improvement Meeting Notes 9-29-15:

Highlights of the School Improvement Plans-

- **Primary School-** The team is currently discussing adding in a writing component. Right now teachers in each grade level are still assessing writing three times a year but discussions will be centered on using a common rubric and prompts for this school year.
- **Middle School-** This year's School Improvement Plan is aligned to the 5 D+ teacher evaluation rubric. Reading Interventions in grades 5-8 and the after-school tutoring program are both continuing this year. Data is being collected using NWEA in Math and Language Arts and Pre and Post test in Science and Social Studies.
- **High School-** After a successful NCA visit they are in a maintenance year of the School Improvement Plan. One major shift is to the Excel period. They have added a 2nd tier for the most at-risk students who at risk of failing the most classes. They are partnered with one of 10 senior mentors and get more intensive intervention.
- **Pioneer High-** Staff are doing on a book study on Eric Jensen's, "Engaging Students with Poverty in Mind.". All goals are written from the Career and College Readiness standards and are academic or organizational in nature.

Program Evaluations- Meetings with Sam Ewing, the Data Doctor, will be useful for the team this year as we complete the annual program evaluations.

CSI Sessions- The Primary School is sending Donna, Ashley, and Tonya to the RESD. Amanda will also attend to get any relevant updates and information.

Next Meeting Date: Tuesday, Dec 8 (Highlights, Title Review, HQ Portfolios)
